

Slitting

and clipping of sheet metal

WELAND

Slitting coils

We have an extensive stock of hot-rolled sheet metal in grades 240 and 355, in thicknesses 1.5 to 6.0 mm.

We can slit strip in widths from 18 to 1500 mm and thicknesses up to 6 mm.

Apart from the material grades above, we can also cut, for example, hot dipped galvanised metal and stainless steel.

Contact us if you need strip in other material grades and thicknesses.

We can cut narrow strip and heavy duty sheet metal!

Cutting and straightening

In connection with slitting, we can also help straighten and clip the steel strip. This applies for strip of all sizes with lengths up to 6 metres.
