QUALITY FROM SMÅLAND

Our future is built on the local Småland virtues of industriousness, determination and visions where quality is the core of all our work. We are driven by a desire to find new ways and see opportunities where none seem to exist. With a focus on the customer, we strive to improve and achieve efficiencies in our operations on a continuous basis. The dedication, knowledge and expertise of our employees are vital to producing superior quality products.

OUTDOOR FURNITURE - FOR ALL ENVIRONMENTS

Weland Outdoor Furniture is a series of comfortable seating furniture for public spaces that withstand tough handling. Our outdoor furniture is especially suitable for parks, picnic spaces, metro stations and schools.

The series includes benches and picnic furniture. The outdoor furniture is delivered in pieces and is easily assembled into a whole. They can be anchored to the ground. Our outdoor furniture is made from hot dip galvanised steel grating, allowing it to stand outside all year round. We manufacture our products in Sweden using our modern, environmentally friendly machine fleet. Together with our knowledgeable staff, we develop and design products that meet high quality requirements.
